

## **MTD Natural Stone**

Michael Taylor Designs natural stone tables, bases, consoles and capitals are available in several natural stone options and may be used indoors or outdoors in the most demanding conditions. Exclusively produced for Michael Taylor Designs, our natural stone products are hand-crafted from hand-selected slabs ensuring premier quality.

The Belgian Bluestone features natural fossil detail. The French Limestone is known for its unified coloration. The Jade Stone Capitals and Basalt Capitals are all "One of a Kind" pieces with minor shape, color and diameter variation. Environmental conditions will cause wear to the surface. Belgian Bluestone items exposed to intense weather conditions will, over time, acquire a grayish patina. Natural stone products will withstand decades of use when treated with care.

Spots and spills should be promptly cleaned with a mild soap solution and rinsed with fresh water. Serious scratches can be eliminated with sanding and resealing the entire surface for both Belgian Bluestone and French Limestone.
