# ALL THINGS PLASTER

Furniture and accessories in the iconic chalky finish are a classic way to elevate a room.

**A**n atmospheric material deployed by boldface-name designers from Jean-Michel Frank to Michael Taylor, plaster has a soulful versatility that's the epitome of chic. Rough-hewn or refined, and available in styles and forms as disparate as faux-bois and Art Deco, it reflects the hand of the artisan with a lovely earthiness that exudes unparalleled elegance.
